POSITIVE & NEGATIVE PRESSURE VENTILATION

# VAYU 18

## PETROL DRIVEN SMOKE EXHAUSTER & BLOWER

### OVERVIEW

Smart new generation portable Exhauster capable of both PPV as well as NPV applications for effective blowing / clearance of smoke and gases. The unit has a square construction design for modular mounting with similar units and is provided with two grip handles on the top for easy portability and deployment.

The ventilator also features four stabilizing rubber feet at the bottom sections to ensure stable operation while running at high speed. Optional provisions are also available for a battery starter in lieu of a recoil starter.

Honda 5.5 HP | 12,000 CFM | SS 304 Body | 35 kgs
